Ali & Company is dedicated to the principle and philosophy of being a leader in both transportation/logistics and follow through by HSSE instructions, "providing the highest quality service, safety, value and integrity resulting in customer satisfaction."

CORE VALUES

INTEGRITY

Success will come and go, but integrity is forever. Integrity means doing the right thing at all times and in all circumstances, whether or not anyone is watching. It takes having the courage to do the right thing, no matter what the consequences will be. Building a reputation of integrity takes years, but it takes only a second to lose, so never allow yourself to ever do anything that would damage your or the companies integrity

INNOVATION

The process of translating an idea or invention into a service that creates value or for which customers will pay. It must be replicable at an economical cost and must satisfy a specific need. It involves deliberate application of information, imagination and initiative in deriving greater or different values from resources, and includes all processes by which new ideas are generated and converted into useful products. Infinite Transport strives to be innovative!

INTEGRATION

The process of attaining close and seamless coordination between several departments, groups, organizations, systems, etc. and the bringing of people from different racial or ethnic groups into unrestricted and equal association, in society and our organization; desegregation
